

## ACADEMIC CALENDAR

### TEACHING WITH TECHNOLOGY (DIGITAL CLASSROOMS)

Technology can have reciprocal relationship with teaching the emergence of new technologies pushes educators to understand and leverages these technologies for classroom use. As technology has improved, so has the way of its dissemination to the student in a qualitative manner. Digital classroom Solutions provide interactive visual simulations to aide in teach simple and complex concept in almost every subject for almost every class.

We feel proud to have been associated with probably the best service provider in this field to cater the needs of our students in the respect. Undoubtedly with these recent technologies in the classroom, strong concepts knowledge can be achieved, as well difference between the way students are taught in school and the way they approach the outside world is tried to be seamless.

### School infirmary

The Medical Room is a well-equipped facility to provide first aid and attend to any medical emergencies. The students reporting ill are attended by qualified and experienced nursing staff and a visiting doctor.
